

**Please join Rancho Cielo's Ag
Mechanics/Value Added Program
for our very first Careers in Ag....**

A virtual career exploration series: Ag speakers

Part of our training includes exposing our students to the various career paths within the Ag industry.

We would love to count on you!

As a speaker, we ask that you prepare a short presentation (*no more than 30mins*) where you walk our students through your current role, how you got there, any challenges you experienced along the way, educational attainment, advice for the future, etc. We will end your time with a short Q&A session.

**This will be a virtual event, held every
Tuesday/Thursday, starting April 15th until May 27th
times, 9:30am or 10:30am.**

Please follow the link to express your interest:

<http://bit.ly/AgSpeaker>

Once you sign up, I will reach out to confirm.
